

## **Implementation of Zero Liquid Effluent Treatment Project for tannery cluster**

**Client: Ambur Economic Development Organization Limited**

Project Management services for Zero Liquid Discharge (ZLD) based 3 Common Effluent treatment plants with capacities ranging from 1 MLD to 4 MLD (combined capacities of 7.2 MLD) in Ambur and Vaniyambadi Tannery cluster. These CETPs have Membrane Bio-Reactor as pre-treatment for RO systems and Evaporator for RO reject management.

The project cost of approx. Rs. 100 Crores was financed through a mixture of Government grant (50%) commercial loans (25%) and industry contribution (75%)
